

Pegasus Payroll Integration datasheet

Overview

Integrating with Pegasus Payroll eliminates the need to enter employee hours worked into Pegasus.

Pegasus Payroll

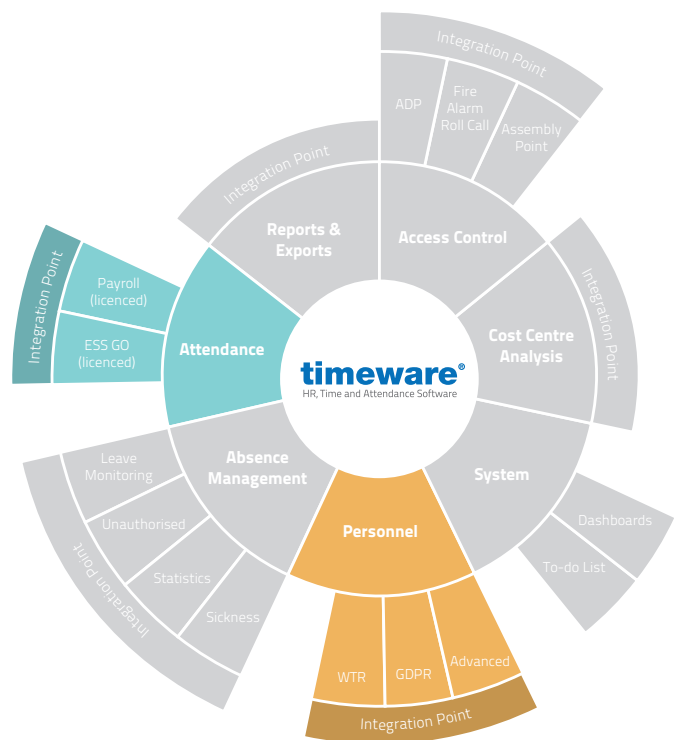

Many UK businesses use Pegasus Payroll to manage payroll processes including payslips, employee pay, pensions, expenses, statutory pay, tax calculations and HMRC submissions.

timeware®

timeware® has developed an integration that following overtime approval, allows the total hours worked data held in timeware® to be transferred to Pegasus Payroll eliminating manual data entry.

Annual licence

The Pegasus Payroll Integration is enabled by an annual licence.
